ENGINEERING

PROSPECTUS

INVITATION TO SPONSOR

ASBTE is making plans for the 30th Annual Conference of the Australasian Society for Biomaterials and Tissue Engineering to be held on 30 March - 2 April 2026 in Adelaide, Australia. The success of this event depends to a large extent on our sponsors, who lend their names and financial support to the event. By participating as a sponsor, your organisation will benefit from extended exposure through the Conference program and associated Conference publicity.

The annual event provides an opportunity for biomaterials, tissue engineering & regenerative medicine scientists and engineers to come together and discuss recent findings in research on all aspects of biomaterials and tissue engineering, including surface modification, biointerfaces, biopolymers, implants, drug delivery, nanomedicine, cell therapies and clinical translation.

During the four days, attendees will also have an opportunity to network and develop collaborations with colleagues from around the world.

We very much look forward to a vibrant in-person conference and would value your support to power this a great event.

Associate Professor Bryan Coad**

AUSTRALASIAN SOCIETY FOR BIOMATERIALS & TISSUE ENGINEERING

The Australasian Society for Biomaterials and Tissue Engineering (ASBTE) was formed in 1989. It provides a national platform for professionals who have interests in research, education, development and regulation of biomaterials, tissue engineering and medical devices.

Internationally, the Society is a member of the group of Biomaterials Societies who coordinate international activities, including the World Biomaterials Congress. The Society has continued to thrive during the pandemic, retaining high membership numbers and maintaining member engagement through a series of highly attended virtual/hybrid events.

The annual conference is the ASBTE's flagship event attracting national and international leaders from academia and industry. The ASBTE is excited to bring together ANZ's vibrant research and industry ecosystem together in Adelaide in 2026. The program for ASBTE 2026 conference includes sessions on biofabrication, drug delivery, tissue engineering, bioengineered tissue models, biointerfaces, mechanobiology, nanotechnology, stem cells, clinical and commercial translation, and will be attended by the leading Australian and New Zealand research groups, global leaders in the biomaterials field, and industry.

The Conference expects to attract 200- 250 delegates including international plenary and keynote speakers.

WHY SPONSOR

- Our annual conference will be the premiere meeting in Australia this year.
- The focus on excellence and cutting-edge research and development builds powerful brand association.
- Relationships. Relationships. Relationships. Sponsorship provides you with an opportunity to engage your key clients and decision makers under one roof.
- Educating together. Delegates come wanting to improve their knowledge and skills.
- Aligning your organisation with this conference demonstrates your involvement, commitment and support in their professional development.
- Exposure to invaluable insights, information and the latest research.

ADELAIDE, SOUTH AUSTRALIA

Adelaide is a city designed for connection. Compact and easy to navigate, it's the only Australian capital where the airport is just 15 minutes from the CBD, and the entire city centre is encircled by lush parklands. Delegates can move effortlessly between venues, hotels, and hospitality precincts, with everything within walking distance.

South Australia is recognised globally for its excellence in health, medical research, renewable energy, space, and defence industries, making Adelaide a natural hub for innovation-led conferences and collaboration.

Beyond business, Adelaide offers an unmatched cultural and lifestyle experience. World-renowned wine regions such as the Barossa, McLaren Vale, and Adelaide Hills are less than an hour away, while the city itself has a celebrated dining scene that champions local produce.

VENUE: NATIONAL WINE CENTRE

The National Wine Centre of Australia is located just ten minutes' walk from the CBD and offers a unique event setting, showcasing contemporary architecture. Surrounded by Adelaide's lush Botanic Gardens, delegates will feel immersed in a vibrant yet tranquil environment that will inspire connection and learning.

Trade displays will be located in the Broughton & Ferguson Rooms and along the Concourse. All catering will be served amongst the exhibition space.
